

Prairie Shores Residential Photography Services

Chicago Imaging Solutions

Residential Photography Support Services

Family portraits taken on the plush grounds of a nearby residential complex capturing this family's new addition through our personal photography capture service.

Chicago Imaging Solutions is a full service photography studio located in the historic, near south, Bronzeville neighborhood of Chicago, providing photography services for small to large sized businesses as well as consumer based photography services. Consumer based photography services include but is not limited to Weddings, Family Portraits, First Baby pictures and Family Reunions. With over 15 years of photography experience and over 20 years of corporate, Information Technology and Human Resource experience, the management and photographers of Chicago Imaging Solutions prides itself in understanding the needs of its clients and

Prairie Shore's Picturesque Grounds

The picturesque grounds of the complex can be used as a background for family and individual image captures for friends and family.

and using it's background & resourcefulness to create Image Packages that meet, and in most cases, exceeds our client's requirements. Having many years of experience in leading Diversity & Inclusion efforts at a corporate level, where my charge was to develop programs that fostered diverse integration and cultural understanding, has given us that personal & unique edge to support clients of all cultures, nationalities and lifestyles with pleasure. Please see some of the covered services below:

<i>Weddings</i>	<i>Birthday Parties</i>	<i>Family Reunions</i>
<i>Family Portraits</i>	<i>Baby Pictures</i>	<i>Photography Lessons</i>
<i>Social Networking Imagery</i>	<i>Camera Use Lessons</i>	<i>Property Cataloging</i>
<i>Website Imagery Support</i>	<i>Family Photo Books</i>	<i>Image Slideshow Creation</i>

Springtime at Prairie Shores

The picturesque grounds of the complex can be used as a background for family and individual image captures for friends and family.

The service packages we have created would designate Chicago Imaging Solutions as the “Official” or registered photography service for your facility. Under this agreement, Chicago Imaging Solutions (CIS) would be available to provide all photographic services for the residents of Prairie Shores at a guaranteed reduced price. The residents would be under no obligation to use our services but, because we are local to the area, allowing us to be more responsive to the photographic needs of your residents, we feel that the relationship will be mutually beneficial.

Our tag line states that we are available “..For All Your Imaging Needs”. That declaration gives us confidence that we would be able to satisfy the many photographic needs of your residents with quick, reliable and discretion-based services. We have covered such diverse groups of photographic assignments ranging from marathon coverage for an individual runner to capturing an eight year old’s ballet debut. We enjoy servicing our clients and providing high quality print and Internet ready imagery for what ever their need.

I would like to meet with your management designee and discuss the parameters of this agreement between Chicago Imaging Solutions and Prairie Shores and how it would prove to be a value added service to the residence of Prairie Shores Residential complex.
